DESCRIPTIONS

The V378 Cruiser is Four Winns Flagship, she is loaded with lots of features and options to make it a floating palace whether you're entertaining friends and guests or just entertaining your special someone.

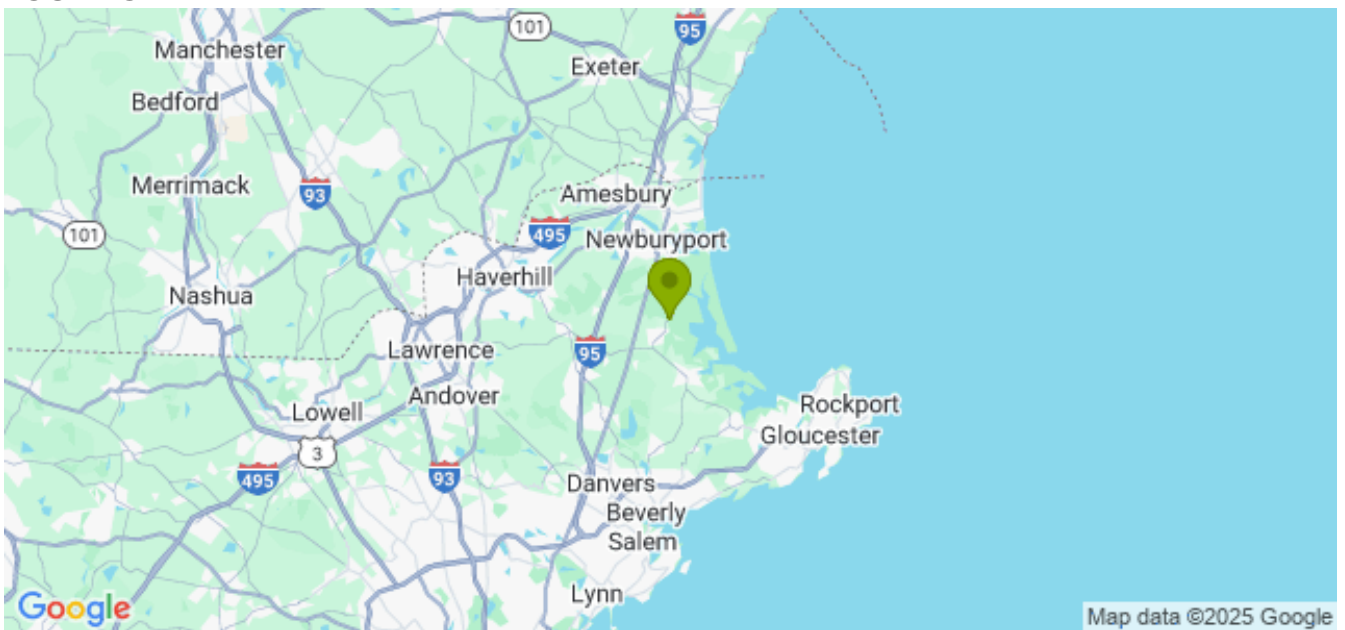

- Step aboard from the stern platform and walk forward through several easy steps up to the helm station. The area is broad and left plenty of room for your guests to crowd around the wet bar, or belly up to the helm station to peer out of the large windshield to see where you are headed.
- A large U-shaped seating area awaits your guests with sculpted seat backs for comfort. A double pedestal table provided lots of room to serve snacks and drinks. The area can be transformed into a huge sun bathing area with fill in cushions. Over on the port side is the wet bar. She has a refrigerator and an ice maker to keep your snacks and drinks ready when you are.
- Easy access to the engines through a day inspection hatch to check critical components before getting underway. The helm seat is a large double wide so you and your companion can ride in comfort and only rub elbows when you want to. The dash is laid out for easy viewing of all instruments and the Burlwood trim with gold bezels certainly added a classy look to the ensemble.
- When the helmsman needs to see over the bow while motoring out of the slip, you can easily flip up a bolster for comfort and visibility. More storage is hidden below the helm seat for larger items. This boat has the optional hard top with canvas enclosure. Heading forward and up the integrated steps you can access the fore deck. There is plenty of room for optional sun pads.
- Up in the pulpit, you have an integrated area with anchor and rode locker and a standard windlass.
- Coming back to the cockpit, you can step below through a handy companionway complete with screen door for those nights when it's cool enough to not run the air conditioning, yet still warm enough for pesky bugs to fly about. A cherry finish is applied to the cabinetry to give a beautiful elegant look.
- The stern couch can be converted into additional berthing and the table can be adjusted for height. Two ottomans can be moved around the table or just pulled out for more seating or to prop up your tired feet after a long day on the beach. Storage is abundant below. You will not have trouble stocking this craft for a long weekend or a trip through the islands!
- The electronic entertainment aboard includes a nifty flat screen TV/DVD built into the cabinets, but hinged so you can swing the screen for the best view regardless of where you are in the boat. A Clarion Marine AM/FM/CD with remote is also standard fare and includes a remote at the helm.
- One of the great features in the galley is the two large refrigerators, rather than the one compact miniature you typically find. The head is a large stand-up version with separate enclosure for the shower.
- The V-berth is spacious and lighting throughout could be adjusted to fit your particular mood for the evening. Other special features on this model included not only air conditioning, but a central vacuum system to keep the floors spotless. Performance. Moving away from the docks and maneuvering in the marina seems effortless. On the water she easily slips through the paces and gives a smooth, comfortable ride that will keep your guests focused on each other and not on the path to where you are headed.
- There is a reason the 378 is Four Winns' flagship. She's a comfortable boat for entertaining and cruising. She has the amenities to satisfy most every need along the way and Four Winns has taken the time to listen to their customers and added some nice features and offered some excellent options. If you're looking for cruising in comfort and style, be sure to take a look at " Marta Marie " .
